

**“One Company For All Your Filter Media”**

CEI – Carbon Enterprises Inc. was established with a specific goal in mind and that is to be your “One Company For All Your Filter Media”. CEI is a worldwide manufacturer and provider of high quality filter media products for water and air filtration applications. CEI has a staff of experts with numerous years of experience in these applications.

CEI products are NSF Approved, meet and/or exceed AWWA Standards, Meet and/or exceed Food Chemical Codex Standards, and are manufactured under ISO 9002 Quality Control Procedures. CEI can offer customized products for your specific application or provide high quality products to your specifications. CEI offers high quality products and exceptional service at competitive prices.

CEI has a state of the art office and warehouse facility at its World Headquarters in Circleville, Ohio and also has plants throughout the United States. On large projects CEI can coordinate your filter media products to arrive in the order you specify. CEI offers complete logistic services as well.

Please feel free to call **800.344.5770** to find out more about our products and services.

## Why Buy and Ship Water?

### CEI Anthracite

**1 Ton = 40 Cubic Feet**

### Competitor's "Wet" Anthracite

**1 Ton = 38.46 to 35.71 Cubic Feet**

Our dry anthracite is only 50 pounds per cubic foot compared to 52 to 56 pound per cubic foot for wet product. This difference means you purchase less product to fill the same amount of space in the filter.

CEI Anthracite can manufacture anthracite with a Uniformity Coefficient as low as 1.3. The following chart shows the advantage.

	E.S. (mm)	U.C.	Ø90 (mm)	Vmf gpm/sq.ft
CEI Anthracite	1.0	1.3	1.54	9.2
Generic Coal	1.0	1.6	2.2	16.4

CEI Anthracite is an established reliable on-time supplier of exact specifications. CEI Anthracite's sophisticated processing facility enables us to produce filter media in quantities and quality that will surpass most media sizing manufactories.

NSF Approved. Exceed AWWA Standards.

Our Warehouses in Circleville, Ohio / Hazelton, PA and Bell Gardens, CA provide customers with immediate delivery from our stock. CEI can supply any emergency situations and can combine all the products for delivery to smaller jobs. By combining products required for your job into one shipment CEI provides a valuable freight savings. CEI Logistics, our in-house logistics company, finds the best freight price for your shipment.

**Anthracite**
