HOUSING MEMBRANE

Housing Membrane Hydropro provide long-term, trouble-free operation, with minimal down time and improve running costs. Manufactured for small to med size to large commercial size plants. There are variety of sizes that fit standard sized membranes offered by top membrane manufacturers. In addition we custom design vessels for high chemical resistance.

FEATURES

- Easy installation and trouble-free maintenance
- Custom designed and configured to customer specifications
- Side port configuration
- 300 PSI & 1000 PSI

APPLICATIONS

Hydropro Housing Membrane are engineered for permeate and feed/concentrate with variable port options, connection types and sizes. Our housing membrane are fully customizable. Our products use only high quality materials and reliable parts that undergo rigorous quality control standards.
